Orphan Daniel Rand earned the power of the Iron Fist in the mystical city of K'un Lun. As an adult, Danny oversees the Rand Corporation and moonlights as Iron Fist: kung fu defender of the innocent.

Prisoner Luke Cage was subjected to experiments that gave him superhuman strength and durability. As Power Man, he's been a hero and an Avenger, and now a husband and father.

Once upon a time, they were the Heroes for Hire.

POWER MAN AND IRON FIST

The emergence of a new Inhuman—an Inhuman with the power to predict the future—has saved Manhattan from certain calamity! But in the aftermath of this triumph, faced with the realization that they now possess the ability to forecast tomorrow, Earth's greatest champions are forced to make a choice: Protect the future… or change it?

Back together as the Heroes for Hire, Luke and Danny were just getting used to being a team again. Now it looks like they'll have to choose sides in a war.

LUKE LETTERS & DANNY DIATRIBES

Hello all,

Lots of letters and not a lot of space, so I'm going to turn things right over to David Walker to take it away!

Dear Marvel,

I just started reading comic books like three weeks ago, and am already hooked. Almost $200 later, POWER MAN AND IRON FIST is one of my favorite comics to read. I knew of Luke Cage from other material and was excited by his story; he makes my personal top five super heroes, easily. I am glad to see him acting like an adult and struggling to leave the childishness of his past behind now that he has a family. I'm still young and childless, but am feeling the tug-of-war between adulthood and adolescence. I look forward to reading more; please keep up the good work.

Much love,
William M.
Ewing, NJ

$200? Are you buying copies for your friends and family? Seriously though, thank you for the kind words and support. For some of us, that tug-of-war between adulthood and adolescence never goes away. So says the middle-aged writer with a collection of action figures in his office and no socks that match.

Dear David, Sanford, Lee, and crew:

I just read issue #3 and wanted to drop you this line to inform you how much I'm enjoying your take on POWER MAN AND IRON FIST. You've given these characters soul which easily makes me forget these people are two-dimensional works of art and puts me into their world. Usually, I go for lots of drama in my books, but the lighthearted moments in your stories are refreshing. Keep up the great work, everyone. This one is a keeper on my pull list.

John A.
Knoxville, TN

We'll be bringing some drama soon enough, with some laughs thrown in, so if you love us now, your affection is about to increase significantly. Sanford and I (and our amazing editors) communicate all the time on how to make sure both Power Man and Iron Fist continue to show depth of character. Not to be a snob…but a series must have soul to be engaging, and soul resides in the characters.

To the awesome crew of POWER MAN AND IRON FIST:

Thanks so much for an awesome first three issues. I got the recommendation to read #1 from a comic podcast that I listen to, and I did enjoy issues #1 and #2. #3, however, sold me on the series. There were some great laughs in this comic, and please tell me we will get more Señor Mágico! Keep up the amazing work, and Make Mine Marvel.

Blessings,
Patrick
NC

If I may brag for a moment…I knew people would love Señor Mágico. That said, I surprised how much they love him. I had a lot of fun bringing that character to life, Sanford nailed it visually, and because he's such a fun character, Señor Mágico will return.

I just finished POWER MAN AND IRON FIST #3. Congratulations to the entire PM AND IF team! You've created the best comic on the stands! Sanford Greene is an amazing talent, and David Walker is writing a fantastic story that captures the great chemistry these two characters have. I hope David and Sanford will be sticking around for quite a while. I had high expectations when this book was announced, and it has exceeded all of them so far. Thank you for making this awesome series.

Zac Goyette

Sanford and I plan to be around on this book forever. Literally. We will just keep writing it and drawing it, even if someone tells us to stop. And just to set the record straight, Sanford took a break from drawing for two issues (#5 and #6). This was always the plan. He hasn't left the book. He is not behind schedule. He'll be back in #7, along with Flaviano, for an issue that will blow your mind.

Greetings,

I would like to first thank you for making the new POWER MAN AND IRON FIST series. I have been appreciating the '70s style and Afro-American culture that permeates the book. I always enjoy the reuse of old characters, especially black and female characters. So with that having been said, I am really enjoying the reappearance of Black Mariah and her new sensible looks. I feel that portraying sistahs with a good, realistic appearances as well as the generic comic-book body type is excellent. I liked the idea of Black Mariah from before, but felt her '70s appearance was overly, unrealistically large. So it is nice to see her look more like a realistic, attractive, healthy sistah. Thank you for that. The slight appearances of the other black characters (like Hypno-Hustler) in issue #2 were cool, too.

I look forward to the continuation of this series, and hopefully more appearances of a range of diverse, realistic images of brothas and sistahs (i.e. Black Mariah, Big Ben Donovan, Hypno-Hustler, etc.).

Also, I would like to eventually enter the realm of comic book writing, and several of my stories feature a '70s background and black casts. It is refreshing and encouraging to see this work, and most of all, inspiring.

Always a Luke Cage and black supers fan,
Gavin Matthew Campbell Howard

Thank you so much. We talked a lot about how Black Mariah would look and act upon her return. We definitely need to see more women of color in comics, with varying body types, as both heroes and villains, and I'm doing my best to make sure that happens. If you want to get into comics, then you've just got to do it. The late great actor William Marshall (star of the legendary Blacula films) once told me, "We have to learn to activate our dreams." Truer words were never spoken.

I think Howard the Duck has the grit to do a crossover with Power Man and Iron Fist. Make it so.

Terry
Oakland, CA

I'm still trying to convince Marvel to let me do a Howard the Duck meets Blade the Vampire Slayer mini-series. But I agree, it would be great for Howard to cross paths with Luke and Danny. Until any of this happens, though, please tell me you're reading the current HOWARD THE DUCK series, 'cause it is fresh (do the kids still say "fresh"?).

Speaking of fresh, it's time to bring this letters page to an end before things get stale.

Thanks again to all of you for your amazing support of this book, and we'll see you back here next month for more CIVIL WAR II. Trust me, you're not going to want to miss it.

Until then, stay weird!
-Jake T.
